

Missouri Forest Industries 2004

Directory of Primary Wood Processors

**Compiled by
Midwest Forest Consultants, LLC
Jefferson City, MO**

**Forestry Division
Missouri Department of Conservation**

The Authors gratefully acknowledge the valuable assistance of following foresters who conducted field interviews with wood processing companies.

Consulting Foresters

Ralph Allison, CF	Poplar Bluff
Larry Battey,	Salem
Scott Brundage, CF	Columbia
Doug Enyart, CF	Piedmont
Carl Hauser, CF	Jefferson City
Randall Herberg, CF	Glencoe
Scott Howerton, CF	West Plains
Lezlee Johnson	Maryville
Shelby Jones, CF	Jefferson City
Lynn McClure, CF	Salem
Ellen McKenzie	Willard
Arthur Sucland	Hannibal

Kansas City Region Forestry Personnel

Jason Hartman, Resource Forester
Daniel Hartwig, Resource Forester
David Niebruegge, Resource Forester
Bill Neuenschwander, Resource Assistant
Gary Taylor, Resource Assistant

We also wish to thank over 600 mill owners and managers of Missouri wood processing companies who took the time to complete the 2003 Timber Products Output Survey questionnaire, making possible the compilation of this directory.

Missouri Forest Industries 2004

Directory of Primary Wood Processors

Shelby G. Jones, CF
Carl E. Hauser, CF
Brian E. Brookshire, Forestry Staff Supervisor
Holly Foster, Admin. Staff Assistant

This directory is a listing of primary wood processors currently operating in the State of Missouri. Primary wood processors are defined as firms manufacturing a product from previously unprocessed raw materials such as logs, bolts, or unpeeled posts. Types of wood processors generally included in this category are: sawmills, shavings mills, wood handle plants, stave and heading mills, post peeling plants, concentration yards, buying yards, charcoal kilns, veneer plants, chip mills, and log brokers. An effort was made to contact every known primary wood processing firm in the state, however listing in the directory is voluntary. Some firms declined to be listed, so users may not find a listing for a specific mill for which they are searching.

Information for this directory was collected by private consulting foresters and personnel from the Kansas City Forestry Region in a statewide survey completed in June 2004. Errors or corrections may be reported to the Missouri Department of Conservation, Central Office at 573-522-4115, Extension 3308.

Using this Directory

All listings in this directory are arranged in alphabetical order by ***company name*** within the ***county*** of their location. Alphabetical Indexes are provided by both company name and the type of processing. A state map with county names is also included which shows the distribution of primary wood processors within the state.

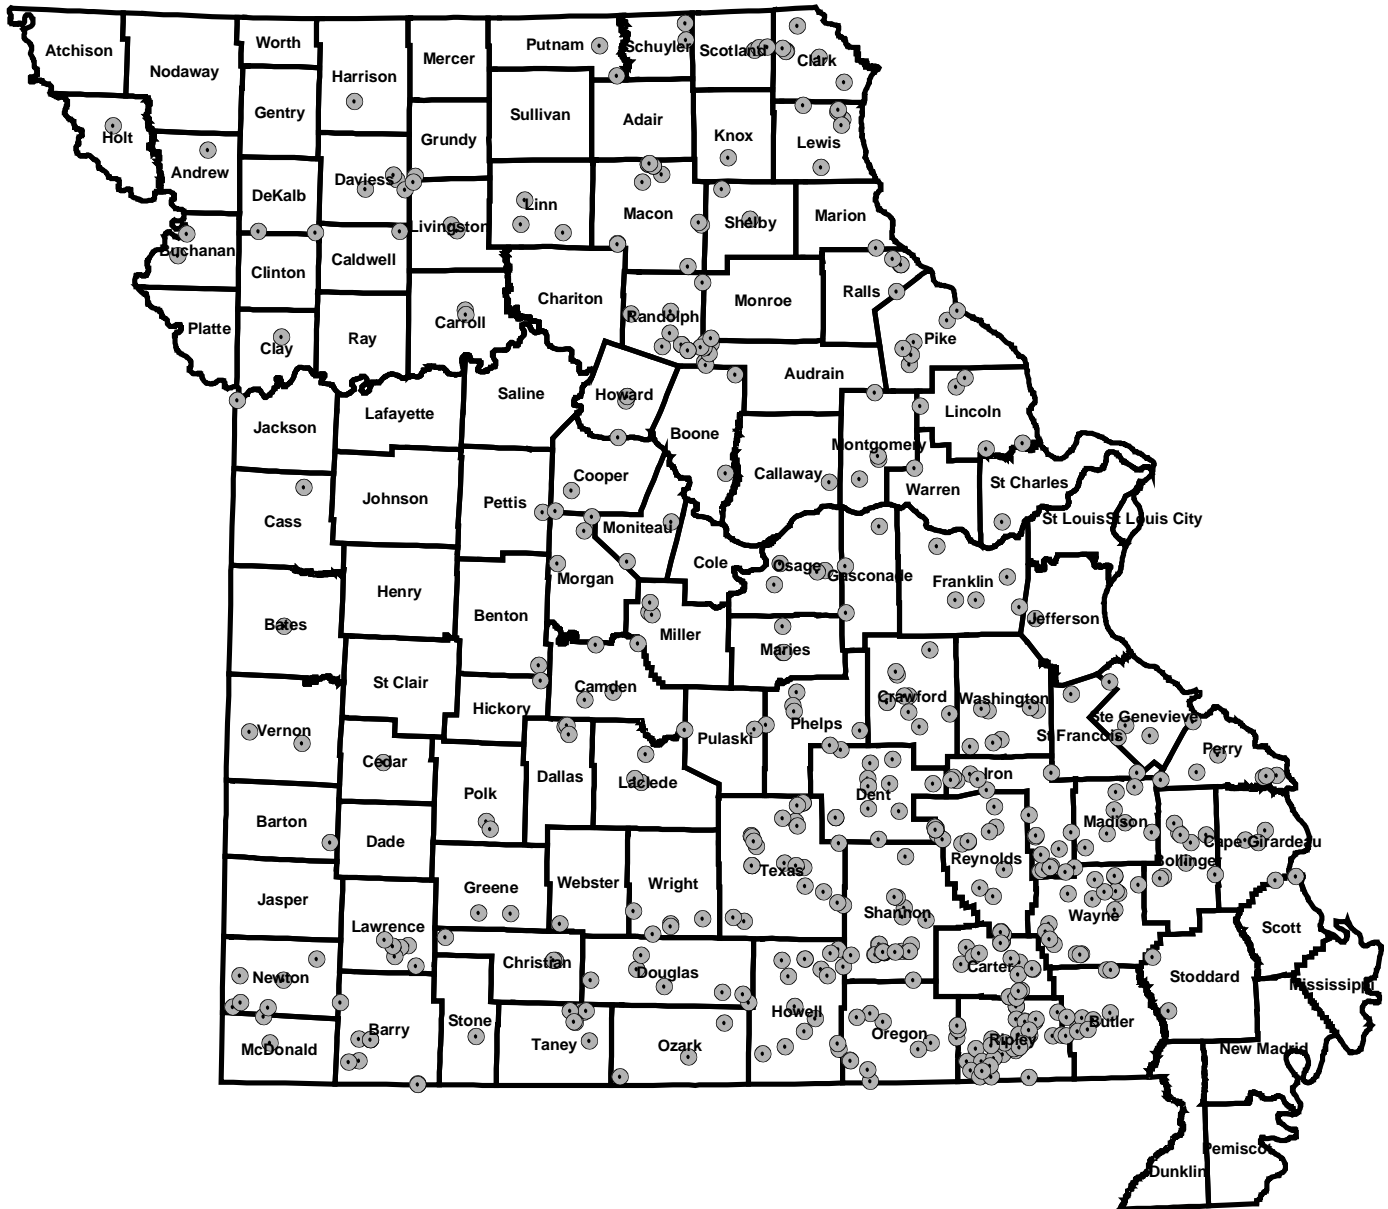

In addition to name, address, phone number, and contact person, each listing indicates the relative size of the business in the units their products are measured, the relative number of employees, species used, and the variety of products normally produced.

Electronic Version

An electronic version of this directory is also available on the Missouri Department of Conservation web site, within the Forestry Division pages.
